

POWERED RESEARCH

Complete Transgenic Model Services

Our team of veterinarians, technicians, and scientists provide expert services in transgenic mouse colony management and utilization to meet your pre-clinical research and development needs. Our capabilities in animal husbandry, project management, and scientific research will save precious resources, mitigate risks, and accelerate your pre-clinical programs.

Husbandry Services Available

- Breeding
- Housing/Maintenance
- Genotyping
- Licensure Assistance

And many other offerings tailored to your needs...

Our Team

Studies are led by our specialized team with decades of experience-

Dr. David Culp, Senior Vice President, and Dr. Brian Gilger, Board-Certified Veterinary Ophthalmologist
